## **ODOBEN PROJECT**

Mfantseman Kuw of California has undertaken a project to make a positive impact on a community in Ghana by selecting Odoben Primary & JHS School in the Central Region.

The list of this school's needs is long, typical of the overall condition of the educational institutions of the country. However, MKoC has a mission to help one community at a time; following examples of other organizations reaching out to help Mother Ghana. You are therefore invited to visit our website at [www.mfantsemanofca.org](http://www.mfantsemanofca.org) to see some of the deplorable conditions the children have to endure in the pursuit of an education.

For a start we have opted to tackle only two of the items on the long list of needs:

1. Renovation of Kindergarten Class Room.
2. Construction of Place of Convenience. (Sanitary Toilet Facility)

Current estimates for the scope of work is \$11,000.00 (Eleven Thousand US Dollars)

Members of MKoC are making cash donations to the project fund account. We are therefore reaching out to our patrons, sponsors, friends, and all well wishers of MKoC and Ghana to participate in this worthy cause. Please find it in your hearts and consider reaching out to these helpless school children by making a cash donation to the project fund. We are counting on you to help us care for these needy school children who are so eager to learn and grow as they reach out for a fulfilling future.
